

Alzheimer Society

MANITOBA

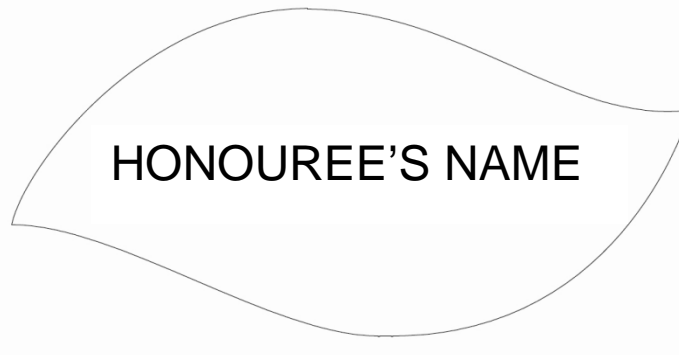

Dementia Care & Brain Health

Our *Tree of Memories* is a beautiful bronze sculpture displayed in the foyer of our provincial office. Each personalized leaf on the tree serves to honour the memory of people who were affected by Alzheimer's disease or another dementia. This commemorative monument, honouring loved ones, came about at the request of family members who experienced loss in their family as a result of Alzheimer's disease or another dementia.

A gift of \$250 secures one leaf and provides families with the opportunity to place their commemorative leaf on the tree at a scheduled ceremony or at their convenience.

All donations help the Alzheimer Society to continue providing vital programs and services, as well as supporting the search for a cure.

Tree of Memories Leaf Order Form

Name to be engraved on leaf _____

Relationship to Honouree: My _____

Your Name _____

Address _____ City _____ Code _____
