The Alzheimer Society of Manitoba wants to reach as many Manitobans as possible through its Telehealth family education seminars. These seminars are provided for those experiencing dementia in communities across the province via video technology.

This service is available in over 45 communities across Manitoba.

The upcoming presentations are: Steps to Safety: Falls Prevention, Tuesday, Oct. 25, 6:30 to 8 p. m. Presented by Norma Kirkby, PHEc, Program Director, Alzheimer Society of Manitoba, Winnipeg and Marilyn Maartense, BMR (OT), First Link @ Coordinator, Alzheimer Society of Manitoba, Winnipeg Transitioning to Long Term Care, Tuesday, Nov. 29, 6:30 to 8 p. m. Presented by Kate Geiger, Occupational Therapist practicing as a Community Mental Health Worker in the Mental Health Services for the Elderly Program of the Interlake-Eastern RHA.

The Alzheimer Society said more than 22,000 Manitobans are presently living with Alzheimer's or another form of dementia.

You can register for Telehealth online at alzheimer.mb.ca or contact Kaitlin Mansky, Community Outreach Co-ordinator, Alzheimer Society of Manitoba at outreach@alzheimer.mb.ca, or at 1-800-378-6699.
